## INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS

The Shareholder of United Company for Financial Services  
 (A Saudi Closed Joint Stock Company)  
 Al-Khobar, Kingdom of Saudi Arabia

### Introduction

We have reviewed the accompanying interim statement of financial position of United Company for Financial Services (A Saudi Closed Joint Stock Company) (the "Company") as at March 31, 2020, the related interim statements of profit or loss and other comprehensive income, changes in shareholder's equity and cash flows for three-month period then ended, and explanatory notes (the "interim condensed financial statements"). Management is responsible for the preparation and fair presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34") that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagement 2410 - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

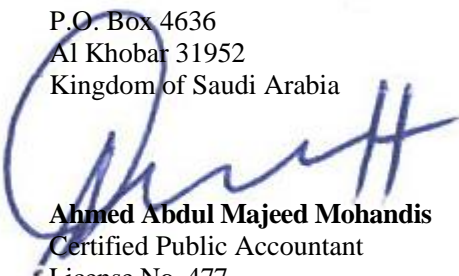

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements is not presented fairly, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

### Emphasis of matter

The comparative figures of the interim statements of profit or loss and other comprehensive income, changes in shareholder's equity and cash flows for three-month period then ended have been included for comparison purposes only and were neither reviewed nor audited by independent auditors.

**1. LEGAL STATUS AND ACTIVITIES**

United Company for Financials Services ("the Company") is a Saudi Closed Joint Stock Company established under the Regulations for Companies in the Kingdom of Saudi Arabia having the Commercial Registration No. 2051224103 issued in Al-Khobar on Jumada Al Awwal 15, 1440 H (corresponding to January 21, 2019).

The principal activity of the Company is consumer financing under the license number 201905/Ash/52 dated Shaban 26, 1440 H (corresponding to May 1, 2019) granted by Saudi Arabia Monetary Authority (SAMA).

The Company's Head Office is located in Al-Khobar, Kingdom of Saudi Arabia.

The results of three-month period ended March 31, 2020 are not necessarily indicative of the results that may be expected for the financial year ended December 31, 2020.

Assets and liabilities in the interim statement of financial position are presented in order of liquidity.

**2. BASIS OF PREPARATION**

**Statement of compliance**

These interim condensed financial statements have been prepared in accordance with IAS 34 "Interim Financial Reporting" as endorsed in Kingdom of Saudi Arabia and other standards and pronouncements that are issued by the Saudi Organization for Certified Public Accountants ("SOCPA").

Interim condensed financial statements do not include all information and disclosures required in the annual financial statements. IAS 34 states that interim condensed financial statement is intended to provide an update on the latest complete set of financial statements. Hence, IAS 34 requires less disclosures than International Financial Reporting Standards ("IFRSs") for annual financial statements. These interim condensed financial statements do not include all the information and disclosures required in the annual financial statements and hence should be read in conjunction with the Company's annual financial statements for the year ended December 31, 2019.

**Basis of measurement**

These interim condensed financial statements have been prepared under the historical cost method except for the recognition of the end of service indemnities using the projected unit credit method.

**Functional and presentational currency**

These interim condensed financial statements have been presented in Saudi Riyals (SAR) which is the Company's functional and presentation currency. All financial information presented in Saudi Arabian Riyals has been rounded to the nearest Saudi Riyal, unless otherwise mentioned.

**Significant accounting estimates and judgments**

The preparation of interim condensed financial statements in conformity with approved accounting standards require management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In the process of applying the Company's accounting policies, management has made the following estimates and judgments which are significant to the interim condensed financial statements:

**COVID-19**

The pandemic corona virus (COVID-19) has spread across multiple jurisdictions causing disruption to businesses and economies of the world. The outbreak has also affected GCC region including Kingdom of Saudi Arabia. Under the current situation, the scale and duration of this outbreak and its impact on credit, market and operational risks remains uncertain, however, the board of directors and management of the Company are continuously evaluating the evolving situation in liaison with the regulatory authorities and the related quantification of impact cannot be ascertained at this point of time.

**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (Continued)**  
**FOR THE THREE MONTH PERIOD ENDED MARCH 31, 2020**

**2. BASIS OF PREPARATION (Continued)**

**Significant accounting estimates and judgments (Continued)**

**Going concern**

The Company's management has made an assessment of the Company's ability to continue as a going concern and is satisfied that the Company has the resources to continue in business for the foreseeable future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt on the Company's ability to continue as a going concern. Therefore, the interim condensed financial statements have been prepared on a going concern basis.

**Actuarial valuation of employee benefits liabilities**

The cost of the end of service ("employee benefits") under defined unfunded benefit plan is determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and rate of employee turnover. Due to the complexity of the valuation and its long-term nature, a defined unfunded benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed on an annual basis or more frequently, if required.

**Economic useful lives of property & equipment and intangible assets**

The Company periodically reviews estimated useful lives and the depreciation / amortization method to ensure that the method and period of depreciation / amortization are consistent with the expected pattern of economic benefits from these assets.

**3. New IFRS, International Financial Reporting and Interpretations Committee's interpretations (IFRIC) and amendments thereof, issued but not yet effective: -**

There are no new standards issued, however there are a number of amendments to standards which are effective from January 1, 2020, however, management anticipates that these amendments will not have any material effect on the Company's interim condensed financial statements.
